

Community Activity Newsletter September

- Hello Residents! We have a lot coming your way this fall! We have a new **Memoir writing class** with Jane Iddings, class starts 9/2. Information has been sent out and posted on communication boards in the community. And for those who have already signed up, have a great memoir journey!
- We have our three **Yoga classes** on Tuesday, Wednesday, and Thursday mornings with Julie. (Information has been mailed, posted, and emailed). Please contact me to sign up and what level class you are interested in.
- 🎵 For all of the musicians in our community, we are initiating a **Music club**! Please let me know if you are interested to sign up, or to volunteer and be the maestro of the group and help organize times and days for the club to get together at On the Greens and play music, write music, or just to hear each other play their favorite instrument; or enjoy a martini and music night ! Let's plan it!
- **Calling all Creatives!** Each month I will be picking an article to publish on our new community webpage.
- For October I'm interested in a **brief article**, 75 to 250 words, about your favorite experience on a hiking trail here in beautiful Arizona! For instance: animals you may have seen, or a vortex you may have visited, and why it was so amazing! Please submit a photo to be included if there is room. *Please submit your article and photo no later than September 28th.*

- *Foodies!* Don't forget about Zoom **Cooking class** and **Wellness programs** with Chris Kalinich. Use code: Inspire for \$5 off her classes!! Yum! And good for you! Please go to www.plant2platter.com and pick a class and sign-up!
- Fall season is such a wonderful time to paint! **Artist's** please contact me for the painter's den! Bring your canvasses and brushes and get together (six feet apart of course) and enjoy a community session of technique sharing and creativity.
- Contact me today to join the **painter's den**, or volunteer to be the group's community artiste to organize meeting times, or just to enjoy the company and inspiration of other artist's in our beautiful community. On the Greens clubhouse has great natural lighting plus the ability to bring your easels outside and enjoy nature and landscape!! Let's plan it!
- **Coming Soon:** *Book Club* is starting October 20th so contact me for details!
- **Pickle Ball Courts** will soon be ready at Pine Shadows! Leagues can start forming anytime! Let me know!
- Also, I am searching for members to join the *Inspire Social Committee*. **This is for planning your holiday events and what needs to be ordered; as well as subcommittee for decorating and communication: to discuss what is needed and what everyone would like to do as far as decorations and who will be volunteering. Please contact me so we can collaborate and have a wonderful season!!**

Please contact Liesa, Lifestyle Director, with any activity questions! (:
